

The county board will identify a service and support administrator [SSA] for an individual receiving waiver services. With the active participation of the individual and members of the team [group of people chosen by the individual to help direct the development of his or her individual service plan [ISP] the SSA will develop an ISP to indicate the services, supports, and activities to be provided to the individual. This can include 'natural supports' as well as services funded by the individual's waiver.

Based on the ISP, the county board then creates a budget to project costs for the individual's waiver year using the cost projection tool [CPT] portion of the medicaid services system [MSS]. Providers have access to CPT and can use CPT to find out service codes and rates that are used to determine the individual's payment authorization for service [PAWS] plan. Instructions are below.

Finally, the county board enrolls the individual's PAWS plan(s). The PAWS plan authorizes the number of units, as well as the funds, that DODD can pay to the waiver provider. It is important to note that the ISP authorizes services while the PAWS plan authorizes DODD to pay for the services. Instructions on viewing an individual's PAWS plan are below.

A screenshot of the OH|ID login page. The page is split into two columns. The left column features the OH|ID logo at the top, followed by the tagline 'One state. One Account. Your OH|ID.' Below this is a paragraph explaining that OH|ID is a secure way for Ohioans and businesses to interact with multiple State agencies and access a variety of programs and services, with a single user account. At the bottom of the left column is a dark grey button labeled 'Create Account'. The right column is titled 'Log into OH|ID' and contains two input fields. The first field is labeled 'OHID (Username)' and has a 'Forgot OHID?' link below it. The second field is labeled 'Password' and has a 'Forgot Password?' link below it. At the bottom of the right column is a blue button labeled 'Log in'.

Here you can see that 2,080 units of HPC and 2,400 units of HPC transportation have been authorized for Nora, and 2,040 units of HPC and 2300 units of HPC transportation have been authorized for Nancy. This is the maximum amount DODD is authorized to pay out to both providers. Any question about what is authorized on a PAWS plan or any request for an update to a PAWS plan should be directed to the individual's SSA at the county board.
